Interested in joining us on The Nature Bus!?! Are you a naturalist? Do you have nature-knowledge or nature-related skills to share? Perhaps you studied environmental science? Or are you a self-taught expert in a particular nature-related area? When you look over the Imagine the Possibilities page, do you imagine the ways you might be able to lead or guide some of these Nature Experiences? Or do you have a nature-related company and want The Nature Bus guests to visit your place of business?

Every NATURE EXPERIENCE is unique! We are excited to learn about your nature-knowledge and/or special skills and look forward to reading all about *your* ideas! As we build custom-designed Nature Experiences, we'd love to add YOU to part of our day's plans!
